FOR HARBOR IMPROVEMENT

There was a meeting at Republican
headquarters last evening of represen-
tatives of most of the leading shipping
houses of the territory. H. Hackfeld &
Co., W. G. Irwin & Co., T. H. Davies
& Co., Castle & Cooke, C. Brewer & Co.,
the Inter-Island Steam Navigation Co.,
and Wilder's Steamship Company, and
some of the senators to discuss the ap-
propriations for the improvement of
the harbor. The shipping men want
the plans of the Superintendent of Public
Works carried out, which call for the
construction of four slips with suit-
able wharves, between the naval
wharves and the foot of Fort street
running back to Allen street. While it
is not considered that appropriations
to carry out the whole of this work at
this time can be made, it is the hope of
the merchants represented last night
that sufficient appropriations can be
made to begin the work, constructing
six two of the slips, so that the en-
tire plan can be carried out in the future
by the aid of further appropri-
ations to be made by future legislatures.

NEW REGULATIONS.

For Clearance to Certain Hawaiian and
Alaskan Ports.

Collector Stockdale received by the
following new regulations additional to
those already in force relative to the
clearance of vessels to places in Alaska
or Hawaii, not ports of entry.

On and after July 1, 1903 before clear-
ing, under special permit of the De-
partment, any American vessel with
nondurable merchandise for a place in
Alaska or in the district of Hawaii not a
port of entry, the collector of customs
shall be furnished with:

(a) The statement of quantity and
value of goods required by the act of
April 29, 1902 (T. D. 23707); and
(b) An agreement in writing by the
master to furnish the chief officer of
customs at the first port at which the
vessel thereafter arrive with a similar
statement of goods taken on board for
the return voyage, under special per-
mit, at any place in Alaska or the dis-
trict of Hawaii not a port of entry. The
collector receiving such statement (b)
shall transmit it to the collector of the
district of Alaska or Hawaii as the
case may be.

These conditions are in addition to
those now prescribed by the Department
on the issue of such special permits.

Important Reasons

Why Herring-Hall-Marvin
Safe Co.'s Safes and
Locks are the Best?

The concrete filling makes these safes absolutely Fire-Proof and positively
Damp-Proof. The solid angle corners add greatly to their security in time of
fire, and form the only solid corners made. The patent Bolt Work is superior
to any in use and does not require the constant oiling, cleaning, and repairs
that is acknowledged in other makes of safes. That although 600,000 of these
safes are now in use and many thousands have been tested by some of the
most disastrous conflagrations in the United States, THERE IS NOT A SIN-
GLE INSTANCE ON RECORD WHEREIN ONE OF THEM EVER FAILED
TO PRESERVE ITS CONTENTS PERFECTLY. They make safes for county
treasurers, county recorders, county clerks, jewelers, Hotels, residences,
churches and corporations. We have a large assortment of safes on hand
and will be pleased to show same.
